Counting

	Date Achieved	Date Achieved	Date Achieved	Date Achieved
I can count on from any number in 3s				
I can count back from any number in 3s				
I can count on from any number in 4s				
I can count on from any number in 4s				
I can count back from any number in 4s				
I can count on from any number in 5s				
I can count back from any number in 5s				
I can count on from any number in 6s				
I can count back from any number in 6s				
I can count on from any number in 7s				
I can count back from any number in 7s				
I can count on from any number in 8s				
I can count back from any number in 8s				
I can count on from any number in 9s				
I can count back from any number in 9s				
I can count on from any number in 25s				
I can count back from any number in 25s				
I can count on from any number in 50s				
I can count back from any number in 50s				
I can count on from any number in 100s				
I can count back from any number in 100s				
I can count on from any number in 25s				
I can count back from any number in 25s				
I can count on from any number in 50s				
I can count back from any number in 50s				
I can count on from any number in 100s				
I can count back from any number in 100s				
I can count on from any number in 1000s				
I can count back from any number in 1000s				
I can count on from any number in 10000s				
I can count back from any number in 10000s				

Number bonds

	Date Achieved	Date Achieved	Date Achieved	Date Achieved
I know all the pairs of numbers that make 100				
I know all the pairs of decimals that total 1. (1 decimal place)				
I know all the pairs of decimals that total 1. (2 decimal places)				
I know all the pairs of decimals that total 10. (2 decimal places)				

Times Tables

	Date Achieved	Date Achieved	Date Achieved	Date Achieved
I know my 3 times tables up to 12 x 3				
I know the division facts for tables up to $36 \div 3$				
I know my 4 times tables up to 12 x 4				
I know the division facts for tables up to $48 \div 4$				
I know my 6 times tables up to 12 x 6				
I know the division facts for tables up to $72 \div 6$				
I know my 7 times tables up to 12 x 7				
I know the division facts for tables up to $84 \div 7$				
I know my 8 times tables up to 12 x 8				
I know the division facts for tables up to $96 \div 8$				
I know my 9 times tables up to 12 x 9				
I know the division facts for tables up to $108 \div 9$				
I know my 11 times tables up to 12 x 11				
I know the division facts for tables up to $121 \div 11$				
I know my 11 times tables up to 12 x 12				
I know the division facts for tables up to $144 \div 12$				

Doubling, halving

	Date Achieved	Date Achieved	Date Achieved	Date Achieved
I can double all numbers to 50				
I can half all even numbers to 100				
I can double all numbers to 100				
I can half all numbers to 200				
I can double all 2 digit decimals				
I can half all 2 digit decimals				

Fractions

	Date Achieved	Date Achieved	Date Achieved	Date Achieved
Know equivalent fraction for a half with the denominator up to 12				
Know equivalent fractions for $\frac{1}{4}$ with a denominator up to 12				
Know equivalent fractions for $\frac{3}{4}$ with a denominator up to 16				
Know fraction equivalents to decimals with tenths				
Know fraction equivalents to decimals with hundredths				

Next steps - Number Facts

	Date Achieved	Date Achieved	Date Achieved	Date Achieved
Know decimal equivalents to $\frac{1}{2}$, $\frac{1}{4}$, $\frac{3}{4}$, $\frac{1}{10}$, $\frac{1}{5}$, $\frac{1}{8}$, $\frac{1}{100}$				
Know percentage equivalents to $\frac{1}{2}$, $\frac{1}{4}$, $\frac{3}{4}$, $\frac{1}{10}$, $\frac{1}{5}$, $\frac{1}{8}$, $\frac{1}{100}$				
Know all factor pairs that make numbers up to 100				
Recognise all prime numbers up to 100				
Recognise all square numbers up to 144
