Safeguarding

Safe Working Practice for School Governors

Outline

There is a duty on organisations to make appropriate arrangements to safeguard and promote the welfare of children and adults at risk. This includes the need to ensure that all adults who work with or on behalf of children and adults at risk in these organizations are competent, confident and safe to do so.

This training provides clear advice on appropriate and safe behaviours for all adults working with children and adults at risk in paid or unpaid capacities, in all settings and in all contexts.

Description

Governors

Outcome

- The training aim supports governors to have a strategic oversight on how to keep children and adults at risk safe by clarifying which behaviours constitute safe practice and which behaviours should be avoided;
- support managers and employers in setting clear expectations of behaviour and/or codes of practice relevant to the services being provided;
- support employers in giving a clear message that unlawful or unsafe behaviour is unacceptable and that, where appropriate, disciplinary or legal action will be taken;
- minimise the risk of misplaced or malicious allegations made against people who work with children and adults at risk;
- reduce the incidence of positions of trust being abused or misused.
